## LDE UTC Clubs and Societies

We are really pleased to present the 2023/24 clubs and societies.

Being part of a club or society demonstrates a learner's commitment to other activities outside of their studies which can be used to their advantage when it comes to applying to universities or employment. For example, memorable moments from your time at a club can make great discussion points in your interview.

These clubs / societies will provide a broad and balanced range of activities that will both be fun and engaging whilst also providing a wider set of knowledge and skills that will benefit us all.

We would encourage all learners to choose at least one of these exciting opportunities.

Please read through the clubs / societies below and then when you have chosen which ones you would like to join, click on the link that has been sent via email.

**we hope to add more activities as we go through the year, Thank you**
