# Google

London Design & Engineering UTC

Employer Engagement

Google

From Employer Led Projects with Psychology, to presentation skills and Masterclasses with Business and Enterprise- Google's Machine Learning Engineer Zack has been vital to the development of our learners throughout the college.

Click to read the case studies highlighting the exciting projects and sessions our learners have enjoyed with Zack...

Year 9 Business and Enterprise receive feedback on their group presentations

Year 10 Computing Employer Led Project on Google Teachable Machines

Year 12 Psychology group research project on explaining and managing phobias
