

Kamilya Kucherova

I am a qualified English language teacher with a bachelor's degree from an overseas University and a level 3 UK diploma in teaching and learning support. I have experience in tutoring, supporting teaching and learning, and invigilating in different schools in the UK. I also worked as an English teacher back in an Eastern European country, where I developed my passion for education. I have a strong knowledge of the educational settings standards and learning environment support criteria. After moving to the UK and having children, my willingness to pursue the career of an educator is still existing. I believe that every student has the potential to achieve their goals and have great opportunities in life. I also enjoy learning myself, obtaining new skills and knowledge. I am excited to join the college and to share my skills and enthusiasm with the students and staff.

Some of the subjects that I have taught or tutored include English language and literature, creative writing, grammar, vocabulary, pronunciation, and communication skills. I have also helped students prepare for various exams, such as IELTS, TOEFL. I use a variety of teaching methods and materials to suit the different needs and preferences of my learners. I always try to make my lessons engaging, interactive, and fun. I also provide constructive feedback and encouragement to help my students improve their confidence and performance.

I have also participated in several professional development courses and workshops to update my knowledge and skills. I am also a professional interpreter working in the public sector, such as the NHS and the DWP. I have gained valuable experience and skills in interpreting for different clients and situations, such as medical appointments, benefit claims, and legal matters. I am proficient in both English and my native language, and I adhere to the highest standards of accuracy, confidentiality, and professionalism.
