

Teacher of Physics

Born in Sri Lanka, Ketheeswaran Kandasamy (Kethis) moved to the UK in 2000 to study Biological Science and IT at Liverpool Hope University. Having majored in Biological Sciences Kethis moved on to studying MSc in IT. He spent a year at the Liverpool Women's Hospital working as a trainee biomedical scientist, in the cytogenetics department. While at university he worked as a hall tutor when he developed the pastoral care which eventually led him to completing a PGCE in science.

In 2007 he moved to London having applied as a teacher of science. Kethis takes pride in his ability to be able to teach all 3 sciences up to KS5 level. His past experience includes role as a second in department, KS3 achievement leader and a love for data analysis. He loves to bring his passion for all 3 subjects to the classroom. He is innovative and loves to incorporate IT to his teaching. He is constantly looking for new ways to engage students to ensure progress both inside and outside the classroom.
